# LAUNCH ONLINE IN JUST 6 WEEKS WITH QUICK START AUTOMOTIVE FOR SALESFORCE CLOUDS

Quick Start Commerce Package for Used Vehicle  
Dealers and Leasing Companies

# WHY SHOULD YOU CARE ABOUT LAUNCHING ONLINE?

Compressing your **digital transformation timeline from years to months** has been a major theme of the economy across sectors. In the auto sales market, more automotive dealers and leasing companies are making the move to digital. With our **Quick Start Automotive solution for Salesforce Clouds**, you can achieve this goal even more quickly—in just **6 weeks**.

**Quick Start Automotive** fills the gap between consumer needs and the traditional automotive sales model for **used vehicles**, simplifying the product discovery journey and offering self-service features to **reserve a car, schedule a test drive or make a dealership visit**.

# WHAT'S IN IT FOR YOU?

## *Solution Benefits*

Quick Start Automotive helps companies that sell used vehicles or lease cars to:

1

Launch online in just 6 weeks with a Salesforce Clouds-based online store.

2

Convert more customers, particularly today's tech-savvy consumers who want to shop for nearly everything online.

3

Offer your customers an easier and personalized experience buying a car or other automotive vehicles.

4

Have full control of the flow online while removing the high-pressure situations at dealerships that many consumers prefer to avoid.

5

Get more visibility and insights into your customers' shopping behavior to better target them in marketing campaigns.
